present

Arbor Day Bookmark Contest

April 1-29

For Kids in
Grades K-6

Trees Benefit Everyone!

They improve air quality and soak up storm water and filter it before it flows into our watershed and sewers.

Trees cool the land through their shade and beautify our neighborhoods.

Share Your Tree-mendous Talent

For its Ninth Annual Arbor Day celebration, we invite children in grades K-6 to create a bookmark that encourages people to plant trees.

Create your drawing in the 3" x 7" area on this flyer and return it to the Children's Room at either library any time between April 1-April 29.

Everyone who enters will receive a live, bare root tree. Winning bookmarks will be printed and distributed at the library for the community to take home and enjoy.
